EDITORIAL

JAPAN ON THE DEFENSIVE

The industry with which the Japanese are preparing new excuses for their next assault upon China is a tribute to the ingenuity of the desire for justification even for the unjustifiable. One might suppose that, after doing as she pleased in China with no opposition from the rest of the world that series of pious protests, Japan would have decided to put an end to pretense and carry on the ancient imperialist tradition. Actually, we find Tokyo giving out a list of lame charges against China including the failure of the Chinese government to control the press and hostility of Chinese diplomats at Geneva."

DANGER ON COUNTRY ROADS

Your chances in being involved in a fatal automobile accident are much greater on highway than any where else. Bad as the accident rate is in the cities, the death toll is mounting faster in rural territories, even though traffic is less dense.

Last year 167,000 accidents occurred on highways. The results were 169 900 injured and 13,000deaths. By contrast, 286,000 city accidents caused but 9,000 deaths.

The reason isn't hard to find. The modern highway is wide and smooth, rarely congested. It looks as safe as your own back yard. And, as the consequence, thousand of drivers relax behind the wheel, and step hard on the accelerator. When a crisis arrives, they react too slowly,or are going too fast to avoid a crash—and death follows.

It is the same, it seems, with the pedestrain. Those walking on country roads are less alert to danger than those walking on city streets. Children, absorbed in their play,are very apt to forget traffic until it is late. Parents should caution them constantly—and set them a good example by being ever on the watch yourselves. It is too late to think of this when a mangled body is carried into the home and the coroner is called.

QUICK ACTION AVERTS DEATH

Winchester, Pa.—H. C. Moore, fruit grower and sawmill owner, was seriously cut when he was caught in a revolving saw at his mill. Only his heavy clothing and the promptness of the operator in stopping the machinery saved his life. Mr. Moore had had the mill stopped in order to file a saw and when the saw was started again before he gave the signal, He was caught in the teeth of another saw hurled over it headlong.

Arvonia

Arvonia, Va., June 17—Captain Henry Howard Page, 307th Cavalry, an attorney of this County who, for some time has been on duty in connection with Civilian Conservation Corps administration in Penn., Md., Va. states that the C. C. C. is one of the greatest peace time projects ever undertaken by the United States. The work in conservation of the natural resources are so varied, and its scope so great that it is practically impossible to estimate its real value at this time, he says. In his opinion it is hard to realize what it has done to thousands of young men of the Country in physical and piritual developement at a time when many of them were drifting in idleness and poverty, and this alone is well worth what the project has actually cost the government.

Capitan Page is a native of Buckingham County, and has practiced here since becoming a member of the Bar. He was educated in the public schools of the county, and the Virginia Military Institute. For many years he has represented the Shenandoe Life Insurance Company as General agent in this section and has had wide experience in educational work. During the early part of this year he completed a course in Company Administration at Fort George G. Meade Md. With the highest honors among officers in his rank.

How your MONEY
WORKS FOR YOU IN A
Checking Account

When you put your money in a savings account you get interest on it. In a checking account you get service for it—and let the bank draw the interest. In return for this interest the bank gives you privileges worth far more to you than the interest itself.

When you maintain a balance commensurate with your use of your checking account privileges, the bank will be reimbursed for the expense of serving you. Otherwise, the bank may properly look to you to meet this expense.

Money in a checking account is an investment that pays you real dividends.

Fewer Aches and Pains
More Health and Pleasure

PAIN drags you down—physically, mentally, morally.

Why continue to endure it? Try Dr. Miles Anti-Pain Pills for *Headache, Neuralgia, Muscular, Rheumatic, Sciatic,* and *Periodic Pains.* They seldom fail.

Dr. Miles Anti-Pain Pills are pleasant to take and prompt to act. They do not upset the stomach, cause constipation or leave you with a dull, depressed feeling.

Ask your druggist or any of the hundreds of thousands enthusiastic users. Probably you too can find relief.

I think all Dr. Miles medicines are wonderful, but Anti-Pain Pills are my favorite.
Mrs. Doc Blankenship, Stamford, Texas

I have used your Anti-Pain Pills only a short time, but they have given me prompt relief. They did for me in a week more than any other medicine I had taken for a year.
Phil Goller, Milwaukee, Wisconsin

I am never without Anti-Pain Pills. I think they are much better than anything else I have ever used. Sometimes when I am tired and nervous, and feel like I would go under, I take two Anti-Pain Pills and in a sort time I feel like a different person.
Mrs. S. Tidabach, Stroudsburg, Pennsylvania

Your Anti-Pain Pills have been used in my home with wonderful results. I recommend them.
Maggie Belle Dudley, Vancebore, N. C.

Your Anti-Pain Pills helped me a great deal. I have used them for years. I carry them everywhere I go or use and always keep them in the house. They have saved me a great many sick headaches.

backed by QUALITY that insures
LOW COST MAINTENANCE AND HIGH RESALE VALUE

● The first cost of the Ford V-8 is as low as it is possible to make it and still give you a high quality, modern automobile with the comfort, roominess and safety features—the performance, dependability and economy of the Ford V-8.

This fact is evident in the very low cost of maintenance and operation of the Ford V-8. And throughout many thousands of miles of service, maintenance is kept to a minimum because Genuine Ford Parts and service are priced so much lower. In addition, upkeep is further reduced by the Ford policy of exchanging factory reconditioned units—even to the Ford V-8 engine—a big economy only Ford owners enjoy.

Ford quality again comes to light in the high resale value of the Ford V-8. The manufacturer may set the price of a new car but *the public itself decides what it will pay for a used car.*

And it is a very significant fact that the *public* has set a high resale price on Ford cars...The reason is simple. Precision-built of the finest quality materials, Ford cars *last longer,* and therefore the market for used Fords is always good.

What else can you buy that will give your family as much enjoyment as a new Ford V-8? What other car offers you so sound an investment? With your old car applied against the down payment you may have to pay no more than $8.00 a week to be driving a new Ford V-8 tomorrow. Just ask your nearest Ford dealer about the Authorized Ford Finance Plan... And remember, as you thrill to V-8 performance on the highway, that this is the most economical car to operate that Ford has ever built.

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. . . . We have used Thedford's Black-Draught for 21 years and have found it a fine useful medicine that every family ought to have in their home," says Mrs. Perry Hicks, of Beloit, Texas. "I take Black-Draught for billousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught given good results." Sold in 25-cent packages.
